- 36% of sales through the Placacentro retail network
- # 1 top of mind brand in Latin America

MASISA OVERVIEW & HIGHLIGHTS

STRATEGY

FINANCIAL PROFILE

Masisa is focusing its strategy to increase Stakeholders value

In the context of the plan announced in November 2016, and after analyzing different strategic options, Masisa decided to strengthen its focus on value-added products and services, and on its forestry business, aiming to unlock and capture value for all its stakeholders

- ✓ The Company will focalize its industrial business in the Andean Region, Central America, USA, Canada and other export markets, serving them from its facilities in Chile and Venezuela
- ✓ Masisa will continue owning and operating its forestry assets in Chile, Argentina and Venezuela, which are valued at US\$ 543 million and have proven to be a good source of operational and financial stability
- ✓ Masisa has started a process to divest its industrial operations in Argentina, Brazil and Mexico, and expects to raise more than US\$ 500 million, which will be fully used to repay debt
 - ✓ On July 17th, 2017, Masisa signed a stock purchase agreement for the sale of its industrial operations in Argentina for an enterprise value of US\$ 155 million⁽¹⁾
 - ✓ On September 7th, 2017, Masisa signed a stock purchase agreement for the sale of its industrial operations in Brazil for an enterprise value of US\$ 103 million⁽¹⁾
 - ✓ As of today, the Company has received offers for the industrial operations in Mexico, which are currently under review

(1) These transactions are subject to customary conditions precedent

Focused strategy aimed to increase Stakeholders value (cont.)

Strategic rationale

- ✓ **Unlock and capture value**
- ✓ **Strengthen its capital structure and reduce financial risk**
- ✓ **Position the Company to capitalize on growth opportunities and further develop its value-added strategy**

Expected benefits

1 Improved long-term profitability and cash flow generation

- ✓ Cash flow generation will benefit from:
 - Reducing future capital expenditures in large economies
 - Reducing financial expenses in approximately US\$ 35 million per annum
- ✓ Corporate, overhead expenses and shared services to be reduced by approximately US\$ 15 million per annum

2 Strengthened financial profile

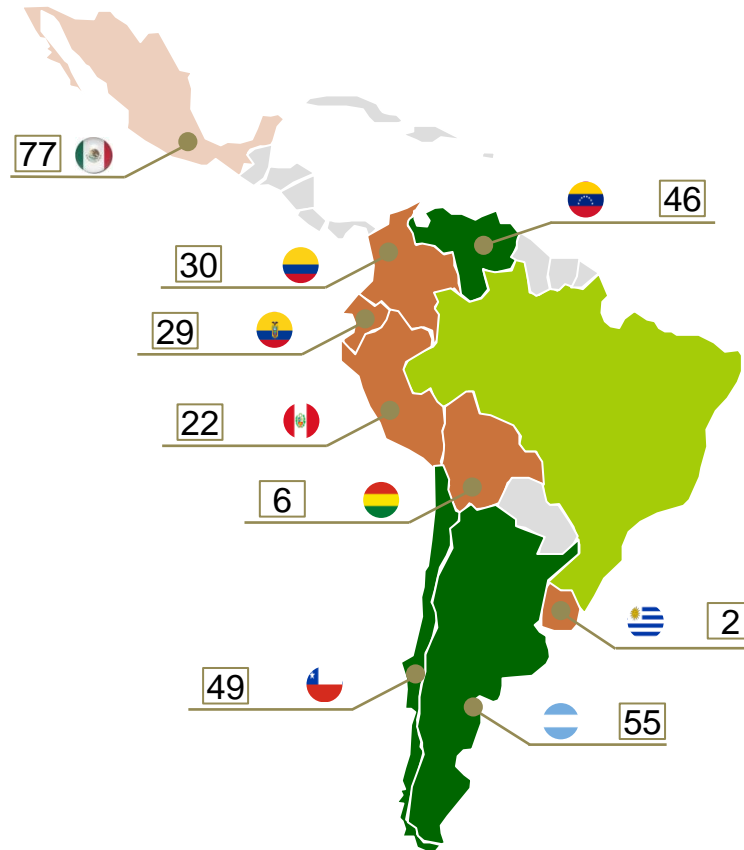

- ✓ Masisa's leverage and capital structure to be improved by decreasing its net financial debt to EBITDA from 4.2x, as of June '17, to a target of 2.5x – 3.0x

3 Increased earnings before taxes on a recurring pro forma basis

- ✓ This plan is expected to be accretive in terms of earnings before taxes on a recurring pro forma basis⁽¹⁾

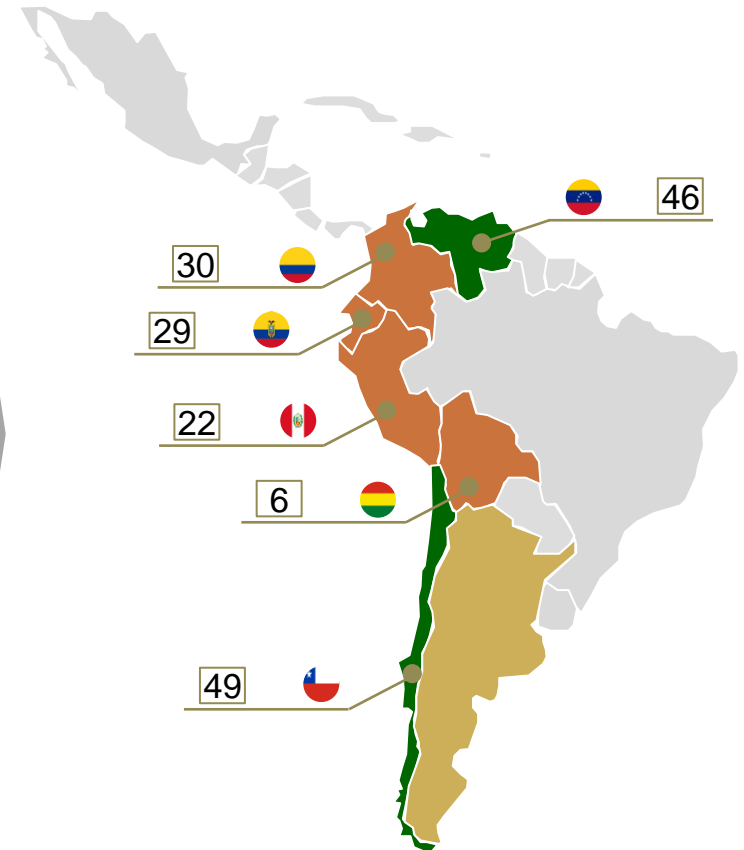

Masisa will continue holding a strong asset base and extensive distribution network in the Andean Region

Masisa's current geographic footprint

of Placentros: 316

Masisa's pro forma geographic footprint

of Placentros: 182

- Forestry + industrial assets + Placentro
- Placentro only
- Industrial assets + Placentro

- Industrial assets only
- Forestry assets only
- Number of Placentro⁽¹⁾

(1) Considers owned and franchised distribution network of Placentros

Masisa will continue owning and operating its forestry assets, which are an important reserve of value

Forestry assets as of June'17 (US\$ million)⁽¹⁾

(1) Value based on IFRS fair value (mark to market)
(2) 27% of the total hectares in Venezuela are owned by Masisa

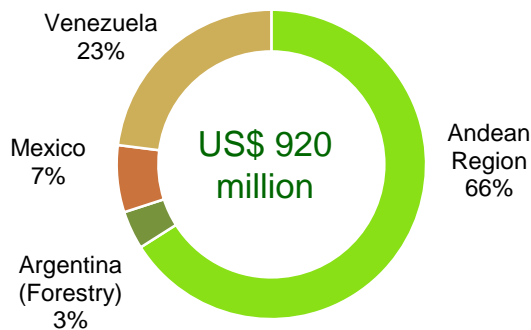

Improved profitability reflected on a higher pro forma EBITDA margin

Sales and EBITDA breakdown by country⁽¹⁾

Key takeaways

- ✓ Masisa is strengthening its focus on value-added products and services, and on the forestry business
- ✓ The Company will focalize its industrial business in the Andean Region, Central America, USA, Canada and other export markets, serving them from its facilities in Chile and Venezuela
- ✓ The Company will continue owning and operating its forestry assets in Chile, Argentina and Venezuela, which are valued at more than US\$ 560 million and have proven to be a good source of operational and financial stability
- ✓ The Company expects to divest its industrial operations in Argentina, Mexico and Brazil for more than US\$ 500 million and use the proceeds to reduce net financial debt to recurring EBITDA to a target in the range of 2.5x to 3.0x
- ✓ This debt reduction together with the corporate restructuring plan is expected to generate savings for approximately US\$ 35 million per annum in financial expenses and US\$ 15 million per annum in corporate and overhead expenses, respectively
- ✓ As a result, this plan is expected to be accretive for Masisa shareholders on a recurrent pro forma basis⁽¹⁾, strengthen the Company's financial position and consolidate its leading competitive position in the region

(1) Excluding all one-off effects and considering full implementation of the divestiture plan and corporate restructuring
